SEVERE ALLERGIES: WHAT TO GIVE YOUR SCHOOL

A current plan and medication on file let staff act within minutes.

EVERY YEAR

GIVE THE SCHOOL

- **An allergy action plan** signed by your child's doctor, at the start of each school year.
- **Any prescribed epinephrine auto-injectors,** plus the school's medication forms.

GOOD QUESTIONS

ASK THE NURSE

- **Who is trained** to recognize anaphylaxis and use an auto-injector?
- **Where is the medication kept,** and does it go on field trips and the bus?
- **Who calls you, and when?**

EASY TO MISS

CHECK THE DATE

- **Auto-injectors expire.** Set a phone reminder a month before the date printed on the device.
- **Update the plan** whenever your child's doctor changes anything.

Template plans: FARE Food Allergy & Anaphylaxis Emergency Care Plan (foodallergy.org). Follow your doctor's instructions.

In an emergency, call 911 first.
